NUMBER 19

MORAL FORCE OF PUBLIC OPINION

Mr. Justice M. A. Macdonald Declares That Intelligently Directed Public Thought Will End War

Speaking fluently, logically and in a manner to command the unanimous attention of the representative gathering, the Hon. Mr. Justice M. A. Macdonald, of the Court of Appeal, Vancouver, told members of the Canadian Club, their wives and friends, that the intelligent direction of public opinion, the only force capable of doing it, would bring about the ultimate abolition of war. In his convincing illustration, he declared that, when a dispute occurred between nations and the matter was referred to an international court for settlement, the nations concerned were not obliged to abide by the decision of that court—moral public opinion created its own force.

The address was given at a dinner meeting of the Canadian Club, held in the large dining room of the Royal Anne Hotel on Wednesday evening of last week. The distinguished speaker's subject was: "Public thought in its relation to national welfare and international goodwill."

New Members
Following dinner, during which Mrs. A. E. Hill favoured the gathering with piano-forte selections, Mr. A. J. Cameron, Secretary, at the request of Mr. F. M. Black, the chairman, read the following list of those proposed for membership: Messrs. W. Hardie, Paul Hayes, Leopold Hayes, B. P. Meredith, J. Brydon, G. Benmore and L. M. Needham. All were declared elected.

The chairman, in voicing his pleasure at the representative attendance by members and their ladies, remarked that the Canadian Club was not an exclusive organization—all citizens were welcome to join. With regard to the ladies, the executive had now to consider whether or not they could become members, and the matter would be taken up at an early date.

Chairman Introduces Speaker
Introducing Hon. Mr. Justice Macdonald, Mr. Black referred to the high standard adhered to in the selection of speakers for the Canadian Clubs. Hon. Mr. Macdonald, notably, had a high responsibility as Justice of the Court of Appeal, and he was also one of the most distinguished orators in Canada and the United States. He was fresh from new triumphs at Winnipeg, where he had addressed the St. Andrew's Society, and the Canadian Club of Kelowna was indeed delighted to welcome him and to listen to his discourse upon a most important subject.

Mr. Justice Macdonald
In opening his address, Hon. Mr. Macdonald extended thanks for the invitation to Kelowna and the opportunity to visit a delightful part of the province. In this beautiful locality he had met many old friends and had made new ones.

The range of subjects on which the judiciary could speak was limited. The topic of his address, "Public thought in its relation to national welfare and international goodwill," ranked of great importance in the welfare of men and nations and had been prompted by the declaration of many prominent men that another World War was impending. It had impressed him as being so unthinkable following the late Great War, in which the victors were the losers, that it had provoked thought, and he had decided to make known the result of his thinking.

Formation of Sound Public Opinion
"With what are you chiefly concerned as members of the Canadian Club?" he asked. Development of Canadian sentiment, study of Canadian history and so on? Your main concern is the development of that silent force known as public opinion—the development of a healthy public opinion to become a national or an international state of mind.

In these days of unrest, the speaker continued, many who were groping in the dark failed to keep a sane eye fixed upon home morality, which was fundamental. Moral sanity was needed, and a well regulated state could be attained by sound public opinion, which was essential to international goodwill. But how was sound public opinion formed? Through an organization such as the Canadian Club, through private conversations and by other means. Many men and women contributed greatly to its formation, others retarded it. The press, politicians and statesmen and the pulpit were important contributors, with the church the greatest force. In the background of social order, was among the agencies that worked for a settled conviction or an agreed upon public sentiment.

B.C.F.G.A. MEMBERS FAVOUR CENTRAL SELLING

Total Vote At Ten Meetings Shows 82.6% Supporting Proposal

A statement has been issued by the Executive of the B. C. Fruit Growers' Association, showing the result of voting on the Central Selling plan advocated by Mr. F. M. Black, at ten meetings held under the auspices of the Association. The proposal was voted down at only one point, Kamloops, while it received a total vote of 577, or 82.6 per cent of the votes cast, as against 121 in opposition. The detailed figures follow:

	For	Against
Penticton	70	0
Sumasland	79	0
Kelowna	112	27
Verona	75	24
Sutton Arm	66	1
Kamloops	7	43
Naramata	31	0
Winfield	31	6
Rutland	22	1
Oliver	84	0
Total	577	121

of humanity. In the field of international law, for instance, public opinion was the only force behind it. "International law is a code of usage that civilized nations agree to observe. Local laws are enforceable through police power, but international law has no police power behind it. When a dispute occurs between nations, the nations concerned are not obliged to abide by the decision of an international court. Public opinion creates its own force." Continuing, he said that the League of Nations was a focal point on which public opinion centred, and public opinion was still in the melting pot.

"Is war the only method of settling disputes?" was another thought-provoking question asked by Hon. Justice Macdonald. "No," he answered, "man will yet banish war and international duelling. We should be hopeful for the future."

Years ago gentlemen settled their disputes out of court by duelling with swords. Public opinion has banished that practice. Public opinion would eventually banish international duelling among nations, although it would be a harder task. Some fifty-five nations were members of the League of Nations, but the United States was not a member and was therefore not making a contribution to that intangible force, public opinion. The League of Nations was not making progress, it was true, but it was a focal point for public opinion and important in that way. While the United States was not a member, there was no good reason why outside discussion of her action should be barred.

"Thought should be on wings," he declared. "The United States has had her early statesmen lay down maxims relating to foreign entanglements for future guidance. If I was an American, however, I would consider things from an angle adjusted to the present day for the onward march of thought."

War Should Be Stripped of Glamour
War, a strange phenomenon, had been to some extent a factor in progress—say in giving deliverance from oppression. The sight of a regiment marching down the street kindled the imagination, but war should be stripped of its glamour, as its glory rested mostly in the imagination. In the past, war had destroyed ancient civilizations, and the speaker was not sure that the present civilization could withstand the ravages of another great international conflict. Egypt and Rome, once great, were today of the past—civilization was always on the march. Would future centuries show the march of Mars extending from Asia Minor, and across Europe, over the Atlantic and across the North American continent to the Pacific, destroying civilization in his wake, effacing a great Oriental civilization, and then back to Asia Minor?

No, our advanced civilization was secure through art and study and through the lessons contained in history. In ancient days there was a constant possibility of war, the vampire of the human race. Archaeologists have said that modern achievements were known thousands of years ago. Greece produced greater philosophers than are known today, and in ancient Babylon and other countries there had been complex educational systems. Why, then, instead of continuing to grow, were all buried in the dust of war? Sketching briefly the history of the Athens-Sparta conflict, which continued ferociously for some thirty-seven years and which at the end of that time left Athens wrecked and Sparta bleeding to death, he said that a moral public opinion was becoming effective in pulling down the altar of Mars—that war was becoming recognized as a cruel, crude, senseless and inhuman method of settling international disputes. There was no glory about modern, mechanized warfare, but there had been glories in the past when men fought each other singly. The resources of science, brought into modern conflict, were hideous, and it had to be admitted that man's control over the great destructive forces resulting from science presented a grave danger.

Referring to European entanglements, Hon. Justice Macdonald declared that other nations could not remain free from them as they had world effect. He said that if the American continent was divided into nine or ten different nations of different languages, "our record in the past two hundred years would be no better than Europe's." A common language helped in forming public opinion, and it remained

(Continued on Page 9)

CENTRAL RELIEF FUND NEEDS MORE HELP

Five Individual Contributions Received So Far In Aid Of Those In Want

The largest donations received to date by the Central Relief Committee of Kelowna, which is functioning as a clearing house this year for the distribution of clothing and Christmas hampers to families in need, have come from the service clubs, the Rotarians and the Gyros. Individual contributions received so far have been few and unless a more ready response is forthcoming within the next few days, the funds will be insufficient to take care of those who find themselves in an unfortunate position at a time when all the world is rejoicing.

Citizens of Kelowna unable or disinclined to donate money may help in another way by providing second-hand clothing. Such clothing should be sent to the Salvation Army Headquarters, Abbott Street, north of Simpson's sash and door factory. If it is inconvenient to leave parcels there, they may be left at the Board of Trade rooms.

Individual contributions, no matter how small, will go a long way towards ensuring happiness in some measure to the indigent. Perhaps many of those to whom assistance should be given are the victims of circumstances over which they had no control. Would you assist them—or would you sit by your own fireside on Christmas Day and, to borrow the words of an old song, "let the rest of the world go by?"

Send in your donations to Mr. E. W. Barton, Board of Trade office.

The following is a list of the contributions received to date:

Rotary Club	\$100.00
R. H. S.	10.00
R. L. D.	1.00
Order of the Eastern Star	25.00
A Lady (per Salvation Army)	5.00
Gyro Club	55.00
G. C. R.	5.00
R. M. R.	2.00
Total	\$203.00

BADMINTON HONOURS COME TO KELOWNA

A. E. Hill Wins South Okanagan Championship In Hard-Fought Final

A. E. Hill, Kelowna badminton star, won premier honours at the South Okanagan Badminton Tournament, which was concluded at Penticton on Saturday night, by defeating Cadiz, of Penticton, 17-18, 15-6, 15-10, in a hard-fought battle for the men's singles championship in this section of the Okanagan. While Cadiz, the southern city veteran, employed an effective smash to telling advantage, the redoubtable Hill finally overcame his opponent with his accurate drop shots.

In the men's doubles title event, Cadiz and Roadhouse evened matters by administering a decisive defeat to the Kelowna team of Hill and Capt. C. R. Bull, the Penticton duo capturing the championship by the score of 15-5, 15-7.

All other events also went to Penticton. In the ladies' singles clash, Mrs. MacKinley beat Miss Beatty, 11-9, 11-1; in the ladies doubles event, Mrs. Roadhouse and Miss Beatty beat Mrs. MacKinley and Miss Beatty, 14-8, 15-9, 15-13; and the mixed doubles went to Roadhouse and Mrs. Roadhouse, who beat Leutscher and Miss Beatty, 15-11, 10-15, 15-3.

The matches created much interest.

MRS. BRUCE HAS NARROW ESCAPE FROM DISASTER

VICTORIA, Dec. 18.—Resuming her air voyage down the Pacific Coast as part of her world flight, Mrs. Victor Bruce hopped off from here to Seattle for an experience yesterday which threatened disaster. Pale-faced and unnerfed after a fight with death-carrying fumes from a broken exhaust pipe that poured into the cockpit of her tiny Bluebird plane a few minutes after her take-off from here, she wiggled her way to safety.

"It was," she said, "the biggest scare I have ever had since leaving Rangoon. I was very nearly cooked up. I knew there was something wrong but I thought it was the radio that had got short-circuited until I felt the heat. It was almost unbearable. I had a mind to go on but—I just couldn't and—well, I guess it is lucky I am here."

Ten minutes in the air and Mrs. Bruce's plane would have been in flames. It was only the presence of mind of the daring aviatrix that saved her.

BIG BASKETBALL BILL TONIGHT

Arranged at such short notice that publicity cannot be given previously through the medium of the press the first game of the season with Coast basketballers takes place tonight, when the redoubtable Vancouver Province seniors will tackle the local seniors in the Scout Hall. The bill of fare is of exceptional interest, as the evening is by no means a mere filler, but promises to be full of thrills, the contesting teams being Vernon non senior girls versus Kelowna girls. A bumper attendance is expected, and fans can count on getting full value for their money. Play begins at 8 o'clock.

A WHOLESOME MIND IN A HEALTHY BODY

Mr. Bert Fiddes Outlines To Rotary Club Aims Of Work Among Boys

The primary object in boys' work is to educate the boys to take a balanced view of life and to develop healthy bodies so that they will be well fitted to meet the robbers on the highway of life, said Mr. Bert Fiddes, Physical Director and Assistant in Religious Education at First United Church, in giving a comprehensive outline of that for which physical and religious educationalists were striving in their work among boys. Speaking to members of the Rotary Club at their regular weekly luncheon in the Royal Anne Hotel on Tuesday, Mr. Fiddes appealed to the Rotarians, as employers, to let the youth under their supervision realize that character counted in business.

Opening up a new phase of boys' work, Mr. Fiddes, with a few vivid word pictures, sketched the amazing advance of science within the past few years and pointed out that, as a first step in approaching the boy problem, it had to be realized that they were living in an entirely new world. While science had given the world many conveniences, Mr. Fiddes declared, that the development of science had been added a multitude of temptations unknown to previous generations.

"Boys today have all the old temptations, plus a great many new ones," said the speaker. "What worked satisfactorily in the boyhood of the fathers might be entirely unsuited for this age. Science along the lines of natural sciences has developed far beyond the advance of man himself. There is a real danger, as in the case of war machines, that, in playing with science, the very inventions themselves might turn around and play with their inventors."

In the opinion of Mr. Fiddes, this generation, in the destructive forces of war it had by its concentrated efforts discovered and made available, had a great responsibility to the boys of today. Unless the boys were led to a reasonable thinking and developed along intelligent and sane lines, the results of the next few years would be terrible to imagine.

Referring more particularly to the object of boys' work—educating them to take a balanced view of life and to develop healthy bodies—the speaker pointed out that the average boy of today had from 1,000 to 1,800 leisure hours a year. Of that portion it was a pathetic but true fact that the home received but little, and the churches were fortunate if they were able to get two hours' contact a week. The balance of their time was open to a mass of robbers on the highway of life, who eagerly awaited to grab them and to exploit them for commercial gain irrespective of moral or physical welfare.

Games played a big part in a boy's life, and sport could be an asset or a liability. Those who controlled the athletic life of the community carried a serious responsibility, as the contacts of sport could develop into a real asset in character building or a menace. Youth workers aimed to cure the ills from within, not from without. The doctor did not cure measles by daubing iodine on each spot. The remedy was from within. Just as a pencil had value and strength only according to the quality of the lead, so, irrespective of the exterior, was the value of a boy and a man based on what was inside.

PRINCE OF WALES STAYS INDOORS WITH CHILL

LONDON, Dec. 18.—The Prince of Wales is confined to his rooms at York House today with a slight chill. He had planned to go to Windsor today for some shooting, but when it was discovered that he had a chill it was decided that he had better remain indoors.

CANADA-AUSTRALIA TRADE PACT TERMS ARE SECRETE

OTTAWA, Dec. 18.—Hon. H. H. Stevens, Minister of Trade and Commerce, announces today that, contrary to previous intimations, there will be no statement issued at present as to the nature of the new trade pact between Canada and Australia. The decision is the result of the insistence of Australia that it would be prejudicial to the interests of that Dominion to have the provisions of the treaty made public now. It is stated, though, that the pact is highly satisfactory and will lead to a large expansion of business between both countries.

CHRISTMAS RUSH NOT EVIDENT ON PRAIRIES

Price Cutting Amongst Jobbers On Fancy McIntosh Has Depressing Effect On Other Varieties

(Telegraphic report by J. A. Grant, Markets Commissioner.)
CALGARY, Dec. 17.—Fine open weather still blesses the prairies and is certainly regarded as a godsend by those compelled to purchase fuel of any kind who are feeling the pinch of hard times. The snow has practically disappeared from Calgary south and stock feeding on the open range is reported in fine condition. A prairie Christmas without snow does not feel quite like Christmas, but the economic factor enters very largely into the picture this year.

Business in fruits and vegetables is not feeling the real holiday impetus of other years. A slight improvement is apparent over the last few weeks, but the expected and hoped for Christmas rush has not yet materialized.

Price demoralization on certain commodities is rampant this week. Jap oranges at retail apparently have no price basis. One grocery chain named a price of 98¢ a box. This was countered immediately by another quoting 89¢. Today a new price of 79¢ was named by another, with the result that all are now selling at the latter price. The fact that these oranges are billed to the jobber at a delivered price of \$2.00 a bundle, or \$1.00 a box, with a conditional rebate of 30¢, would almost make one think that the retailers have decided to stage a little price war of their own regardless of profit.

Coming closer home is the price cutting among jobbers on Fancy McIntosh. This is also apparently affecting the large retailers, as one large department store advertises Fancy Macs for today's selling at \$1.50 a box. The large stocks of wrapped Macs in cold storage locally have retarded apple buying by jobbers for some time. They guessed somebody would develop cold feet and would offer these Macs at the jobbers' own prices. That they guessed about right is proven by the prices quoted during the last few days. The sad part of the break is the fact that it is having a depressing effect upon all other varieties of this commodity. Bulk apples are still moving, a car of bulk Ontario and Spy being expected today. Up to the present Wagner has held the limelight.

California celery is finding a fairly good demand. It is reported that a car of Coast celery, after being lost for some time, turned up in Edmonton, but was in such bad condition that very little could be done with it.

Onions are moving a little more freely but local stocks are still fairly heavy. Warehouse help are now utilizing their spare time in reconditioning potatoes. These are mostly from southern Alberta and frost damage is causing a loss of from 25 to 60 per cent. Some jobbers are also having to pick over Fancy and Cee Macs coming out of cold storage.

A fair movement is still reported on Okanagan cabbage. Root vegetables of all kinds are quiet.

RUSSIAN IMPERIAL BODIES SAID TO REST IN FRANCE

PRAGUE, Dec. 18.—General Janin, a French officer who was with the Czechoslovakian legation in Siberia in 1919, purports to reveal the location of the remains of the former Czar Nicholas II of Russia and members of his family, in a book published recently. Janin asserts that he was given the remains by the Russian General Dietrichs, who had preserved them with other objects of the imperial family in a box and trunk. Janin claims to have escaped from Russia with the remains, which he brought to France and offered to Grand Duke Nicholas, who refused to accept their custody, and Janin then buried them.

DOUKHOBOR SCHOOL AT THURMS BLOWN UP

NELSON, Dec. 18.—The two-room Doukhobor school at Thurms, near here, was blown up last night. Provincial police are investigating and special guards have been placed around other schools in the district.

Last Saturday night the destruction of several schools in the Grand Forks area was attempted.

APPLE SELLING FOR VANCOUVER UNEMPLOYED

VANCOUVER, Dec. 18.—An apple selling scheme will be launched on behalf of the unemployed by the Million Days Work Campaign Committee. Through funds subscribed by citizens, jobless men will be provided with apples and will be permitted to erect small stalls in the streets.

MANY CHINESE REDS VICTIMS OF AIR BOMBS

SHANGHAI, Dec. 18.—Nationalist government military aviators have killed five hundred Communists within the past twenty-four hours in northern Hunan Province by flying over the area infested with Reds and dropping bombs. Red cannoners along the Yangste River continue to menace shipping.

CHRISTMAS CHEER FOR SINGLE MEN

Dinner And Social Evening On Christmas Day

Arrangements are being made to hold a Christmas dinner and social evening at the Social Hall of the Travelers' Cafe, on Christmas night, at 7 p.m., for the benefit of single men who are living alone and are deprived of the fellowship that is enjoyed by most people at this season.

Application must be made not later than 5 p.m. on Tuesday, December 23, to Mr. E. W. Barton, at the Board of Trade office, Bernard Avenue, who will issue a limited number of tickets free of charge.

SEA CADETS HOLD GAY "CHUMMY PARTY"

Parents And Friends Are Guests At Jolly Entertainment

On Friday, December 12th, at eight o'clock, the Kelowna Sea Cadet Corps, "Grenvilles," held a Chummy Party in the Orange Hall, Parents and friends of the boys to the number of nearly eighty were entertained by Cadets and Officers. The light-hearted and breezy spirit, characteristic of all Naval Chummy Parties, was felt by the entire company.

The programme, commenced appropriately with the song "Pack Up Your Troubles," followed by a Paul Jones dance. Members of the Port Watch received a chocolate bar apiece for winning an exciting game of tunnel ball. Community songs sung by all present, recitations by various members of the corps, and most organ solos by Denis Pearson were enjoyed at intervals throughout the evening. A lively game of musical chairs provoked much laughter which changed into paroxysms of mirth when "Pugnacious Pearman" and "Battling Buckley," comically attired, engaged in a spectacular boxing match.

The ladies, equipped with rolled newspapers, played a rousing game of Orange Hockey. Four Cadets clothed in "sheeny hand-me-downs" rendered "Solomon Levi" in fine style. Fathers and Cadets took part in an obstacle race in which the winners were awarded chocolate bars. Accompanied by Mrs. Hayman at the piano, and vocally by some of the boys, Captain Hayman sang "The Rollovering Gay Highway." Next several Cadets, including Mr. Charman, took part in the sketch "Mail Time," an episode dealing with life on a battleship.

Butter formed an appreciative interval and was served by the boys with true naval despatch. The ladies, equipped with rolled newspapers, played a rousing game of Orange Hockey. Four Cadets clothed in "sheeny hand-me-downs" rendered "Solomon Levi" in fine style. Fathers and Cadets took part in an obstacle race in which the winners were awarded chocolate bars. Accompanied by Mrs. Hayman at the piano, and vocally by some of the boys, Captain Hayman sang "The Rollovering Gay Highway." Next several Cadets, including Mr. Charman, took part in the sketch "Mail Time," an episode dealing with life on a battleship.

CHRISTMAS OBSERVANCE AT FIRST UNITED CHURCH

Choral Service Of Appropriate Music On Sunday Evening

The Christmas festival season will be celebrated in First United Church by special services on Sunday morning and evening next and by special sessions of the Church School and the Young People's Department.

It is expected that all office bearers and members of the church will rally to church on Sunday morning and evening in happy and reverent worship and in thanksgiving for the spirit of the first Christmas which has invaded our world and brought abundant blessing wherever it abounds. Those who have visitors on Sunday will bring them to church and the general public will be heartily welcome.

At the morning service the minister will preach on "Christmas—the Christ Incarnate," a sermon on the way to keep resourceful in heart for the challenge of life in our times. The old favorite Christmas hymns will create the atmosphere of worship fitting for the festival season and the choir will render special music.

A choral service of Christmas music will be held in the evening at 7.30 o'clock. The service will commence with carol singing by the choir and the church auditorium will be suitably lighted to suggest the Christmas dawn. Following the carol service the choir will render a series of anthems, quartettes and solos, interspersed with acts of worship in which the congregation will participate through Christmas hymns, prayer and the reading of the Christmas story from the Bible. The special music for morning and evening is as follows:

EAST KELOWNA DOES WELL AT WINTER FAIR

Many Prizes Won For Fruit—Eldorado Ranch Aberdeen-Angus Cattle Achieve Big Sweep

For several years Mr. Charles Tucker, of East Kelowna, has doubtfully upheld the name of Kelowna for fruit at various Coast exhibitions, winning many sweeping successes, but he was unable to attend the Winter Fair at Vancouver last week in person, although he sent a number of exhibits. While his absence had an effect in reducing the number of prizes won, owing to lack of his experienced care in the selection and arrangement of exhibits, the fruit sent by him and other East Kelowna growers achieved a very gratifying number of awards, and it is very creditable to that section that it continues to maintain the fame of the Kelowna district in general.

The Eldorado Ranch also made a splendid showing in the Aberdeen-Angus cattle classes, carrying off two championships, nine first and five other prizes, besides three prizes in the classes for cattle put for market, as listed in detail below.

District Fruit Exhibits: 6, R. G. Ritchie, East Kelowna. First and second places were taken by Oliver, the Oliver Co-operative Growers being awarded first prize and H. N. Potter, second, J. C. Clark, Keremeos, was third; Penticton Fruit Co., fourth; Vernon Fruit Union, fifth; Salmon Arm Farmers' Exchange, seventh; J. Lowe, Oyanam, eighth; C. M. Kennedy, Salmon Arm, ninth.

Apples, Boxes
Yellow Newtown, ten boxes: 2, R. G. Ritchie.
Yellow Newtown, five boxes: 3, R. G. Ritchie.
Delicious, five boxes: 4, R. G. Ritchie.
Golden Delicious, five boxes: 1, R. G. Ritchie; 2, F. R. E. DeHart.
Rome Beauty, five boxes: 3, R. G. Ritchie.
McIntosh, single box: 3, C. Tucker.
Delicious, single box: 3, C. Tucker.
Grimes Golden, single box: 3, C. Tucker.
Jonathan, single box: 2, R. G. Ritchie; 4, C. Tucker.
Golden Delicious, single box: 1, F. R. E. DeHart; 3, R. G. Ritchie.
Rome Beauty, single box: 1, R. G. Ritchie.
Stayman, single box: 2, C. Tucker; 3, R. G. Ritchie.
Yellow Newtown, single box: 2, C. Tucker; 4, A. Clarke.

Apples, Plates of Five
Cox Orange: 2, C. Tucker.
Gano: 4, R. G. Ritchie.
Grimes Golden: 1, R. G. Ritchie; 2, A. Clarke; 3, C. Tucker; 4, W. Lansdown.
Jonathan: 1, A. Clarke; 2, C. Tucker; 3, R. G. Ritchie; 4, W. Lansdown.
McIntosh: 1, C. Tucker; 4, R. G. Ritchie.
Rome Beauty: 1, R. G. Ritchie.
Stayman: 3, R. G. Ritchie; 4, C. Tucker.
Wagner: 2, C. Tucker.
Wealthy: 4, C. Tucker.
Winter Banana: 1, C. Tucker.
Golden Delicious: 2, R. G. Ritchie; 4, A. Clarke; 4, C. Tucker.
Six varieties, named, five of each: 2, C. Tucker; 4, A. Clarke.

Pears, Plate of Five
Anjou: 1, A. Clarke; 2, C. Tucker.
Winter Nellis: 2, C. Tucker; 3, A. Clarke.
Comice: 2, C. Tucker.

Vegetables
Onions, two lbs. and six bulbs: 1, Harry Hall; 4, W. Lansdown.

Beef Cattle
Market classes, steer or heifer, 1,201 lbs. or over: 2, Eldorado Ranch; 5, Eldorado Ranch.

Best five finished steers, under 1,100 lbs.: 3, Eldorado Ranch.

Breeding Cattle
Aberdeen-Angus: Championships for bull and cow, nine first, four second and one third prize for bulls, cows and young stock, won by Eldorado Ranch. Two of the fat steers exhibited by the Eldorado Ranch sold at 94¢ and 8¢ per pound respectively. The group of five fetched 7-6/10 cents per pound, which was the second highest price obtained in that class.

The Eldorado has demonstrated very effectively that the Okanagan can produce prize-winners in cattle as well as in fruit.

CHRISTMAS GIFTS

FROM

PETTIGREW'S
Credit Jeweler
Diamond and Gift Specialist

STERLING SILVER TOILET WARE

Mirror, Brush, Comb, Puff, Nail Polisher and all the manicure pieces in two lovely patterns. Deferred payments if you wish.

NOVELTY JEWELRY

A nice selection of Christmas Gifts in Necklets, Bracelets, Ear Rings, Real Crystals, Beads, Pearls, Vanities, Mesh Bags.

FREE GUESS

Come and guess on how long the clock will run. An 8-day Banjo Wall Clock will be wound fully at 9 a.m., Friday, Dec. 19th. One guess each day competition is running, that is from Dec. 19th at 9 a.m., until Dec. 24th, at 10 p.m. The person guessing nearest to the number of days, hours and minutes clock will run, wins a famous Lorie Watch. Second prize, \$5.00 in merchandise. FREE. You do not have to buy anything. FREE.

WRIST AND POCKET WATCHES

A timely gift for men and women, boys and girls.
Pocket Watch prices range from \$1.25 to \$100.00.
Wrist Watches from \$6.15 to \$75.00 and each one guaranteed.
Lorie's from \$18.75.
Shockproof from \$10.00.

MANTLE CLOCKS for the home, a new shipment at exceptionally low prices.

8-day strike in a Tambour shape at \$12.25.

400-day Clock at \$15.00.

Chime Clock at \$36.50.

Grandfather Chime at \$115.00.

See our Christmas Gift selection.

You are always welcome whether you purchase or not.

An airport site has been selected at Kamloops, fifteen minutes drive from the centre of the city. It was inspected recently by Capt. A. Hardy, of the Department of Civil Aviation, and others. The necessary survey for the assembling of data and preparation of estimates of cost will be proceeded with immediately, it is understood. The coming year, it is expected, will result in great expansion of air transportation facilities in the west by both Canadian and American companies. Kamloops, wisely, wishes to keep in step with other progressive and far-sighted cities of the Interior.

While wife is away on her holidays, hubby has to mend his socks and press his trousers just as he has to do when she is home.

BOY SCOUT COLUMN

1st Kelowna Troop
Troop First! Self Last!

Edited by S.M.

Orders for the week ending December 25th, 1930:

Duties: Orderly Patrol for the week, Wolves; next for duty, Eagles.

Rallies: There will be the regular basketball practice and gym class on Friday evening, December 19th, commencing at 7 o'clock, after which there will be no further meetings during the holidays until the annual Bun Feed. There will also be a Court of Honour for Patrol Leaders and Seconds in the Hall on Friday, December 19th, at 7:00 p.m.

There is not as yet a great number of toys in our Toy Shop, and in comparison with those collected by our sisters, the Guides, we are "falling down" somewhat badly. This is not a very pleasant thought; so, BUCK UP SCOUTS! Remember this is the last week in which it is possible to collect toys and we want all that we can possibly gather for this occasion. This year our national Toy Shop effort will meet its first real test, a "hard-tin" Christmas, and each of us must do his individual best to meet this condition in true Scout fashion. Surely no real Scout could thoroughly enjoy his own Christmas festivities without the satisfaction of knowing that he had made that day brighter and happier for some kiddie in less fortunate circumstances than himself.

The annual Troop Bun Feed will be held on Friday, January 2nd, to which each Scout will invite a boy friend who is eligible to become a Scout. Further details of this celebration will be published in this column next week.

The Troop is getting a great deal of enjoyment out of the physical training course that Mr. Shugz is conducting during our meetings, and there is certainly a marked improvement in the smartness of the squad. Mr. Mar Jok also declares that our gym squad shows great promise, and so we hope to be able to give a brilliant exhibition of these two items in our next annual display.

The Rovers have held their first meeting this season, and they expect to be able to render considerable service to those kindred organizations who are using the Hall. Any young men, over 17 years of age, who are interested in Scouting and are desirous of joining this group, should get in touch with the S.M. immediately.

Scouts who wish to obtain books containing the Tenderfoot and Second Class tests may obtain these from the Troop Secretary for the sum of 5 cents; there are also a number of 1931 Scout Diaries to be had, the price of these is 20 cents.

The Patrol standing to date is as follows: Otters, 822; Wolves, 638; Beavers, 615; Eagles, 478.

KELOWNA BUSINESS COLLEGE

Hewitson & Mantle Building
(Above Post Office)

LETTERS TO THE EDITOR

GOOD MONEY IN FRUIT WITHOUT CENTRAL SELLING

Okanagan Mission, B.C.,
December 15, 1930.

To the Editor,
Kelowna Courier.

Dear Sir,
I again inflict some outspoken views upon yourself and many readers.

I noticed in your last issue letters from my location, and East Kelowna (wise men sometimes come from the East). One man says he has been growing fruit for a lifetime and has not made it go. Well, he has my sympathy but not sympathy as, if he picked, packed and shipped his own (pre-suming it was O.K.) he could have made good money at it, as he should even now, notwithstanding barriers of Board of Control, high shipping rates and such difficulties. Of course it is not easy and entails work, time and close attention to detail, but it can be done. I did it, (and I am not a fool). For five years with a big element of success, I have now private individuals at West Summerland and Pentecost doing it at the present time, and if any "doubting Thomas" wants their names and addresses, I have them, not for publication unless asked for.

These schemes so far promulgated (I don't like "schemers") are good in spots, but not in toto. Savings promised are only visions and by no means certain, and all the trustees, committees, agents and staffs required and spoken of would soon run into a huge sum of salaries alone. Who will have these "cushy" jobs? I wonder. I presume the old bunch, who never produced the goods and whose present salaries are not, well, let us say small. Competition is necessary in selling fruit and the soul of such trade. Ask Mr. Pratt, for too short a time with O. U. G. and Mr. Anderson, of Redlands, fruit men of vim, vigour and push, who get results. They know and can tell any one whether competitive selling with citrus and deciduous fruits is good or bad. "Nuff said."

Yours very truly,
H. M. LUMSDEN.

FRUIT BY-PRODUCTS

Kelowna, Dec. 16th, 1930.

To the Editor,
Kelowna Courier.

Dear Sir:

Owing to a misapprehension which appears to have gained considerable ground in connection with the inactivity in the matter of by-products from the orchards, we feel that it is advisable to make an official statement.

About two years ago plans were made for certain experiments for the profitable utilization of fruit juices, and, with the exception of a delay of a few months, the work on these particular experiments has proceeded and was brought to a conclusion during the month of July, 1930.

The result of these experiments is very gratifying to the executive of the British Columbia Fruit Growers Association, the chemists at the Experimental Farm and to this committee.

We feel that arrangements can eventually be made for commercial manufacture of certain lines on a profitable basis not only to the manufacturer but also to the grower. That is, we feel that the manufacturer will be able to pay a better price to the grower for his low grade fruit than has been possible for the manufacture of other by-products.

This Committee feels that it is indebted to the Department of National Revenue at Ottawa, to Mr. Grote Stirling, M.P., to the staff of the Experimental Farm at Summerland and to Messrs. F. DeCauquay, M. and E. Saunier, for their assistance and co-operation in this experiment.

Further work is still being done and a detailed report will be prepared in time for the annual convention of the B.C.F.G.A., to be held in Kelowna on

HONEY

is the BREAKFAST accompaniment par excellence.

Delicious on the fruit, cereals, toast, hot cakes or what have you. Give the kiddies a chance at it and try it on yourself.

Factory at Abbotsford.

WILSON LANDING AND WESTSIDE

A defence of the Jonathan apple, which stands like a convict awaiting sentence! If it could speak for itself, it might have some suggestions to make possibly in this wise:

Could not its judges try taking a little wood from their own tops, allowing them to see the advisability of leaving well alone? Allow the natural habit of the tree to assert itself and grow the size of apple it was intended to produce, instead of, by excessive thinning and irrigation, producing only, by forcing, such a size as inevitably breaks down, whereas a real desert size, such as 163's or 175's, will keep quite sound and crisp in just a common clay cellar until the end of May. Have we forgotten the magnificent carlot of brilliant Jonathans, cared for so admirably at the Spokane Show by Mr. F. K. E. DeHart, and that a mark its success in the B.C. Show? Those red apples were 150's, was it not? And that even is a little bigger than they want to grow. Also some years ago, when in London, we met many excellent specimens of the above variety of apple both in the B.C. House and amongst other exhibits in that city, where they were universally admired.

We owe a debt of thanks at least to the different broadcasting stations which have sent us such excellent selections on recent Sunday evenings. "Collier's Hour" two weeks ago gave a wonderful treat which our radio reproduced very perfectly, viz. Signor Martinelli, of the Metropolitan Opera Co., New York. His voice, a living one, came in clarion-clear, like a silver bell in very truth. A wonderful tenor, singing as if he loved to do it. While this last Sunday evening we had the singing of ten contestants for radio honours, also from New York, via the Northern Electric, and the judges' decision on them later on. Their voices were all of them very fine. And coming right home, we always tune in on "IOAY, Kelowna, British Columbia, and do not forget it! Thursday evenings we call "Kelowna night." We have much enjoyed recently selections by local talent, especially the singing of Bobby Hayman, and hope to hear him soon again.

Today, the fifteenth, more fine bucks are to be seen going Kelownawards. The hunters are congratulating themselves on having had such pleasant weather for the end of the season. Probably some too wish that they could set the time clock back a bit.

A slight mistake was made in an item of news reported in last week's issue. We tender our apologies and trust that no serious embarrassment was occasioned through it. The onus is ours.

Mr. and Mrs. Cecil Browne and Miss Goodacre took advantage of the lovely sunny weather for a visit to town on Tuesday last.

On December 20th a beer plebiscite will be taken in Enderby and adjacent territory.

Satisfactory Service

Stenographer: "Your little girl wants to kiss you over the phone."
Busy manager: "Take the message. I'll get it from you latter."

January 20th and 21st, 1931.

Yours sincerely,

J. H. ABERDEEN,

Chairman.

L. RUSSELL STEPHENS,

Secretary.

For The By-Products Committee, B.C.F.G.A.

CHURCH NOTICES

*A holiday
link
with your
home*

It was nice of Bill to ask
you to spend the Christmas
holidays with him. Of course
you're having a fine time—
but you're missing the folks
at home, and they're miss-
ing you.

What a relief it would be
if you just knew how they
were this minute—if you
could just drop in and say
"Merry Christmas!" Well,
why not? All you have to
do is to call them by long-
distance telephone.

Let the telephone add to the
happiness of this occasion.
A few words over the wires
will make it a merry Christ-
mas indeed.

CHRISTMAS

The practice of exchange of Christ-
mas gifts between relatives and friends,
at the outset a beautiful expression of
affection, has become subject to the
inevitable consequences of its establish-
ment as a fixed social convention, in
that it has spread from its original con-
finement to those bound by ties of
blood or true friendship to the wider
circle of mere acquaintanceship, sim-
ply as the correct thing to do. In this
wider aspect the real spirit of giving
has become obscured by convention
and there has grown up a custom of
observing a certain equality in value
of gifts, so that the act of giving is
practically one of barter. This is de-
parting far from the basic idea, which
was really founded upon sacrifice, as
no gift is worth while unless it involves
some real sacrifice of money, time or
trouble on the part of the giver.

No doubt it would take real moral
courage for a radical change in the
system, so that gifts, as of yore, would
be confined to relatives, intimate
friends, employees or those actually in
need, while the useful Christmas card
would replace the gift of convention to
the mere acquaintance and would
serve to perpetuate social amenities.
Such a change could be brought about
in the custom, however, it would per-
mit of the diversion of a vast sum of
money from what may be termed use-
less gifts, that is, presents that are
not needed by the recipients, to bene-
volent purposes that would accomplish
infinite good.

No one can sit down in comfort to
a good Christmas dinner, if possessed
of any conscience at all, unless he or
she has done something to make the
season brighter and happier for im-
poverished people and their little kid-
dies. Perhaps a dollar or two, a little
food or some old clothing has been
contributed to a benevolent fund, as a
kind of sop to that selfsame conscience,
but, if instead, the money used in the
purchase of knick-knacks for the large
number of friends in the social
group outside of the family circle, had
been devoted to the wants of the desti-
tute, what a wonderful measure of wel-
come relief would be rendered available.

"The poor ye have always with you."
But social obligations sometimes seem
to dull remembrance of that fact and
that the Founder of Christianity Him-
self never forgot the wants of the poor,
but ministered to them constantly
throughout His earthly life. And the
little ones, how tender was His regard
and care for them! "Suffer the little
children to come unto Me." The Gos-
pels abound in references by the Master
to the wee folk.

So, if we acknowledge the leadership
of Christ, we must follow in his foot-
steps, and no child should go cold or
hungry in Kelowna upon the anniver-
sary of His birth. Times are not as
prosperous as they have been, but the
majority of people can spare some-
thing material by dint of sacrifice.
There are local agencies ready and
willing to make use of all contributions
of money, food, fuel or clothing and
to exercise care that the aid goes to
those who are really in need. So be
generous! It is Christmastide.

BY-LAW No. 540

Municipal electors are reminded that
By-Law No. 540, providing for exten-
sion of the city sewer system, will be
submitted to them for approval on
Tuesday next, December 23rd. Voting
will be carried on between the hours of
8 a.m. and 8 p.m., and it is desirable
that a large vote be polled so as to se-
cure a clear-cut expression of opinion.

The proposed work is to be carried
out primarily for the relief of unem-
ployment, the Dominion and Provin-
cial governments contributing \$11,000
to its estimated cost of \$40,000, so that
the share of the City will be \$29,000,
for which twenty-year debentures will
be issued, bearing 5 per cent interest.
Sewer connection for the schools is
imperative in the immediate future, as
present conditions, with a high water
table, constitute a menace to the health
of the children, and advantage should
be taken of the favourable opportunity
afforded by extension of government
aid to make the installation. If the
ratepayers are so short-sighted as to
defeat the By-Law, the work can be
postponed for only a short time, when
government assistance will have been
withdrawn and the property owners
will have to bear the entire cost.

BENVOULIN

Worship at the United Church of
Canada next Sunday, at 3 p.m. Rev.
A. McMillan, minister. The theme will
be "Christmas," and music suitable to
the occasion will be rendered. Church
School at 2 p.m.

Miss Ollie Chamberlain left for Van-
couver by C.P.R. on Wednesday morn-
ing, and will spend some time there
with her brother and his wife, Mr. and
Mrs. Horace Chamberlain.

few days hunting last week.

Knowles' annual watch guessing
contest, which excites considerable in-
terest locally year after year, is be-
coming increasingly popular, more than
1,000 people having registered esti-
mations this year in the contest which
opened and closed on Saturday. At 9
a.m., a 15-jewel Bulova wrist watch
(man's) was wound up and did not stop
ticking until Monday morning at two
minutes, four seconds past four o'clock,
having run exactly 43 hours, 2 min., 4
secs., considerably longer than the
Majestic watch used last year, which
ran only 33 hours, 38 mins., 50 secs.
Mr. Fred E. Johnson, whose estimate
of 43 hours, 20 mins., 35 secs., was the
nearest correct, won the Bulova watch
as first prize, while Mrs. Oscar Marr,
whose guess was 43 hours, 25 mins., 10
secs., received the second prize of \$5.

GLENMORE

Municipal Council
December 10th was the date of the
monthly Council meeting as well as the
Court of Revision to correct and re-
vise the Voters' List. The Court con-
sisted of three members of the Council
and, as no applications were received,
the list as prepared by the Clerk was
certified as correct.

Immediately following the Court of
Revision the Council meeting was held
and lasted from 3 p.m. to 6 p.m.
It was found from correspondence
with the Union of B. C. Municipalities
that the railway companies are endea-
vouring to have branch lines assess-
ments fixed at \$3,250 per mile for track
valuation, whereas the present assess-
ment is \$5,280 per mile. The Council
had forwarded a protest to the Union
and directed a copy to be forwarded to
the Council of the City of Kelowna.

The usual resolution was passed fix-
ing the date of the Ratepayers' Meet-
ing as January 9th, and directing the
advertising of same, appointing the
Municipal Clerk to act as Returning
Officer, and other details governing the
forthcoming elections. The date of
nominations this year falls on January
12th, and, if a poll becomes necessary,
it will be held on Saturday, January 17.
The next regular meeting of the
Council was set for January 5th, at
7:30 p.m.

A very happy time was spent by all
who joined the surprise and shower
for Miss Erica Seelye, whose marriage
to Mr. Jim Clarke is planned for next
week.

There was a fine turn out, about six-
ty being present in the School on Tues-
day evening, December 10th, to pre-
sented the bride-to-be with gifts. The
arrangements were in the capable hands
of Mrs. Griffin and others. The room
was nicely decorated and the many
lovely gifts were presented in a basket
by Miss Annie Watson and Miss Nancy
Anderson. The evening finished up
with a delightful impromptu dance,
greatly enjoyed by the young folks
and participated in by a number of the
older crowd.

It is good news that Jimmy Snowsell
is making such fine progress. We hope
soon to hear of his complete recovery.

Mrs. R. W. Andrews has returned
home from the Coast, where she visited
Mrs. C. Ritchie at Langford and Mrs.
E. Connor, both former residents of
Glenmore.

Messrs. Jack Ward, George Mou-
bray, Percy Rankin and R. Stewart
finished up on Monday with three bucks.

Messrs. J. Vint and L. Mount bag-
ged a buck each, over the week-end,
near Peachland.

Best wishes for Christmas joy to all
our readers.

**WITH BYRD AT
THE SOUTH POLE**

Vivid Pictures Of Daring Adventure In
The Antarctic
Two airplanes, shelter houses and a
large supply of foodstuffs are buried in
the snow in the wastes of the Antarctic,
within 500 miles of the South Pole.
Rear-Admiral Richard E. Byrd, hero of
the adventurous South Polar expedi-
tion, had to abandon much of his gear
in his mad dash from his base in Little
America to the edge of the Antarctic
ice fields to board his ship "City of
New York," before the winter entrap-
ped him and his men. This daring race
against time has been one of the high-
lights of the Empire Theatre feature picture
for tonight and tomorrow, "With Byrd at
the South Pole."

"Dangerous Nan McGrew," with
Helen Kane, will also be shown.

"Lone Rider"
The showing for Saturday and Mon-
day features Buck Jones in "Lone Rid-
er," a story of the early west.

"Dixiana"
"Dixiana," a musical romantic drama
starring Bebe Daniels, Radio Pictures
star, and Everett Marshall, Metropolitan
Opera baritone, has been done
largely in Technicolor to attain the
brilliance of colour in the gorgeous
Mardi Gras sequence of its period. Set
in New Orleans in 1840 and filled with
the turbulent and passionate life of the
gay southern city, "Dixiana" makes full
use in costumes and settings of the bril-
liance of the era. The atmosphere of
the times has been captured by the use
of Technicolor, insuring a faithful re-
production of such celebrated New Or-
leans establishments as Cayetano's Cir-
cus Theatre, rendezvous of the social
elect; the fashionable gambling houses,
the gay streets and houses and boulev-
ards in Mardi Gras season, as well as
other scenes of the era.

Miss Daniels and Marshall are star-
red with Bert Wheeler and Robert
Woolsey, the two latter constituting a
team of comedians par excellence. A
cast of more than 5,000 is seen in this
highly entertaining screen drama with
music. Eleven song hits comprise the
score.

"Let Us Be Gay"
It takes longer to make yourself
homely than attractive for the screen.
Norma Shearer discovered this in mak-
ing up for the opening scenes in "Let
Us Be Gay," her latest starring vehi-
cle, which will be shown on Christmas
and Boxing Days. In these scenes Miss
Shearer appears as a dowdy housewife,
sans all cosmological beautifiers, her hair
unkempt in kid curls, pinch-nose
spectacles supplying the finishing
touch. Miss Shearer found that, to
muss herself up in this fashion, requir-
ed a half-hour longer than necessary
for usual "dolling up."

Rod La Rocque plays opposite Miss
Shearer in the feature. The support-
ing cast includes Marie Dressler, Hed-
da Hopper, Raymond Hackett, Sally
Eilers, Gilbert Emery and Tyrrell
Davis.

**SILVER SLUMPS TO LOWEST
MARK IN NEW YORK**

NEW YORK, Dec. 18.—Bar silver
sank to the lowest mark ever today,
at 31 3/4 cents per ounce.

**A BUSINESS THAT GREW
FROM SMALL BEGINNINGS**

Sutherland's Bakery Celebrates Its
Twenty-Second Anniversary

The growth of Sutherland's Bakery,
which is celebrating on Saturday its
twenty-second year in business in Kel-
owna, may be traced from a little kit-
chen in a small home on Patterson
Avenue, opposite the present location
of the Kelowna Steam Laundry, to its
present commodious quarters on Bern-
ard Avenue, which was first opened to
the public some seven years ago. To-
day a complete and modern bakery
stands on Bernard Avenue as the result
of the business acumen and the reputa-
tion for fair dealing of Mr. and Mrs.
John Sutherland, who, in 1908, began
their business career in this city with
nothing larger than a cook stove for an
oven and Shank's Mare their only
equipment for delivery.

On December 20th, 1908, Suther-
land's Bakery started production on a
very modest scale. The mixing of
dough, of course, was done by hand,
and the small oven of the cook stove
had an extremely limited capacity.
However, even with an output of un-
pretentious proportions, it was neces-
sary to find a market, consequently Mr.
Sutherland filled his basket with the
brown-topped, crisp loaves and went
out to drum up trade. With the basket
atop his head, in the manner of a youth
learning his trade in the Old Country,
he made deliveries from house to house
until the use of a horse and wagon
became imperative. This was followed
by a more imposing rig, a team of
grey horses which for a long time was
a familiar sight to residents in the Kel-
owna district. But as the horse gradu-
ally became supplanted by the motor
car, the first motor truck was put on
the delivery route in 1920, to be fol-
lowed by another a few years later,
and two deliveries are today in opera-
tion.

Shortly after the bakery was started
in the home, a little shop was built at
the rear and an oven with a capacity
of one hundred loaves was installed,
but in 1922 the plant was destroyed by
fire. It is interesting to note that, al-
though the fire occurred on a Saturday,
a lean-to or improvised bake shop was
hastily erected and baking was resumed
on the following Monday! Such
service has been one of the factors con-
tributing to the successful growth of
the business.

Following the fire, the bakery was
rebuilt, but in the next year Mr. and
Mrs. Sutherland moved to their present
quarters on Bernard Avenue, where
they were in a better position to carry
on more efficiently. Sutherland's was
the first Kelowna bakery to instal
machinery for the mixing, moulding
and wrapping of their product, thus el-
minating much of the arduous labour
that had to be done previously by hand.
Their moulding machine, which receiv-
es dough sufficient for two loaves of
bread from the mixer, is the only one
in this city. The electric mixing ma-
chine holds two barrels of flour or 400
pounds. When mixed, the dough goes
from the mixer to the moulder, from
the moulder to the pans and into the
doubled-decked oven, which holds 360
loaves; and then, about an hour after
the baking, the loaves go to the wrap-
ping machine which folds and seals
the paper.

The average daily output of Suther-
land's Bakery is 1,500 loaves of bread,
in addition to cakes and pastries. In
all, seven people are employed in the
bakery, including Mr. and Mrs. Suth-
erland. A wholesale and retail trade is
conducted in Kelowna and district, and
regular shipments are made to such
outlying points as Westbank, Peach-
land, Summerland and West Summer-
land, Okanagan Centre and Oyanama.
To mark the occasion of their
twenty-second anniversary, Suther-
land's are giving away with purchases
on Saturday a hand-painted china plate
as a souvenir.

WESTBANK

Mrs. S. K. Mackay and daughter
Joyce returned last week from a ten
days visit to Mrs. H. B. Ewer, at Ver-
non.

A party of young people went to the
whist drive held at Peachland last
week, and Miss Charlotte Brown
brought home the booby prize.

A daughter arrived for Mr. and Mrs.
Alex. Pivarnik at Kelowna Hospital
last week. Mother and babe are doing
well.

Mr. Harry Brown and Miss Char-
lotte Brown spent the week-end at
Vernon and Salmon Arm.

Mr. Harry Hirose was very unfortun-
ately lost his barn and car by a fire
which occurred one morning last week.
The origin of the fire is unknown. It
was quite a heavy loss and all his neigh-
bours sympathize with Harry, who is
such a good sport.

Mr. and Mrs. P. O. Pierce, who had
rented Mr. Duncan's house for the
past year, left for their new home on
Vancouver Island last Thursday. Ms.
Pierce will be missed as she was an
active member of both the W. I. and
W. A. of the United Church.

Mr. R. R. Wilde arrived on Tuesday
to spend Christmas with his wife and
children who have been spending some
months with Mrs. Wilde's mother, Mrs.
D. E. Gellatly, at Gellatly.

Mrs. T. B. Reece wishes to thank
the ladies of the other churches who
assisted with the box social which was
held last week and to rectify a little
mistake. The concert and supper were
followed by games, not by a dance, as
reported last week.

Mr. Moffat has left for a visit to
Prince Rupert and other Coast places.

A very jolly whist drive was held
by the Community Club in the Hall on
Friday night. There were twelve tables,
with nine visitors from Peachland.
The winners of the prizes were as fol-
lows: first prize, ladies, Mrs. A. J.
Oliver, gentlemen, Mr. Garraway; lad-
ies' booby, Miss Jean Brown; gentle-
men's booby, John Brown. After sup-

I.O.O.F. HALL on TUESDAY, DECEMBER 23rd at 2.30 p.m.

for the purpose of organizing the Independent Growers.

All shipping through independent firms, please attend. 19-1p

He drove fast because his brakes wouldn't work and he wanted to get home before he had an accident.

Local and Personal

Miss Virginia Elmore left this week for Vancouver.

Mr. and Mrs. Talbot left on Tuesday by Canadian National for New York, N. Y.

Mr. Frank Parry, of Victoria, arrived in town yesterday, and is a guest at the Willow Inn.

Judge J. D. Swanson was in town on Monday and Tuesday on his periodical visit as County Court Judge.

Mr. W. J. McKinn, well known poultryman of Nelson, is registered at the Lakeview Hotel. He is making inspections locally.

Mr. H. C. Whitaker, Summerland, of the Department of Public Works, is in Kelowna this week, and is registered at the Willow Inn.

Mr. and Mrs. D. J. McBain and child, Mr. Hugh McBain, sr., and Mr. Douglas, of Lovrina, Sask., are registered at the Lakeview Hotel. They intend to locate in the district.

An organization meeting of independent growers will be held in the I.O.O.F. Temple on Tuesday next, at 2.30 p.m. Growers shipping through independent firms are urged to attend.

Notice is given by the City authorities that electric current will be cut off on Sunday afternoon, December 21st, from 1.30 p.m. to 2 p.m., to permit of some necessary alterations being carried out at the Power House.

"Bill" Bowser, member-elect for the North Okanagan constituency for the B.C. Parliament at Victoria, has been advised that he has been honoured with the important portfolio of Minister of Home Affairs. His friends are offering their congratulations.

Drilling at Kelowna Oil Well No. 1 continues without a hitch. A depth of 600 feet has been reached, highly satisfactory progress. Yesterday a thick oily substance was encountered, which strengthens the possibility that oil will be found in commercial quantities.

The Kelowna Hospital Women's Auxiliary held three sewing bees in the Nurses' Home on December 9th, 10th and 11th. They were ably assisted by workers from Winfield, Rutland, Glenmore, East Kelowna and Okanagan Mission, and a large amount of work was completed.

Motorists are warned by the City Police to keep the doors of their cars locked when they are left parked on the streets. Considerable pilfering from parked cars has been going on, groceries, etc., being stolen, and the most effective way of avoiding loss is to make use of the locks on the doors of the car.

The annual meeting of the local branch of the British Columbia Fruit Growers' Association will be held in the I.O.O.F. Temple on Saturday, at 2.30 p.m. The business of the meeting will include the nomination of directors, the election of delegates to the annual convention, and the consideration of resolutions. All fruit and vegetable growers are invited to attend.

There are only five more shopping days until Christmas. For the convenience of those who are unable to do their shopping during the day, stores will remain open until 9 p.m. on Monday and Tuesday, and until 10 p.m. on Wednesday night, Christmas Eve. They will be closed on Christmas Day and on Boxing Day, December 26th. Those who do their shopping as early as possible will assist the staffs in the stores and help to reduce the last-minute rush.

A woodshed between Stockwell and Fuller Avenues, the property of Mr. Reuben Archibald, was destroyed last night by fire of unknown origin. The Fire Brigade, which responded to a general alarm at about 9.30 o'clock, were unable to save the structure as it was a mass of flames upon their arrival. Apparently, the blaze had gained considerable headway before it was observed by residents in the vicinity. The loss, which was covered by insurance, amounted to \$100.

The fourth annual meeting of the Old Scouts Association was held in the Women's Institute Hall last night, when supper was served. The various reports submitted indicated the steady progress that has been made since the inception of the organization four years ago. The officers elected, who were subsequently installed by Mr. E. O. MacGinnis, the founder of the Association, were as follows: President, Edwin Harvey; Secretary, L. Leathley; Treasurer, Cyril Leathley; Directors, Gordon Meikle, K. Griffith and Harry Witt.

Mr. W. de Macedo, M.A., B.Sc., instructor in agriculture at the Senior High School, has been notified by Mr. S. J. Willis, L.L.D., Deputy Minister of Education, that he has been appointed one of a committee of four selected by the Provincial Department of Education to revise the present provincial courses of study in agriculture and also to assist in the formulation of a new and additional course to be offered in the Senior Matriculation year. The committee will hold its initial meeting at an early date with Dean Clement and several other members of the Faculty of Agriculture at the University of British Columbia.

The sale of toys, home cooking, candy, etc., held in the Kelowna Women's Institute Hall on Saturday, realized the gratifying sum of \$50 for the "Save The Children Fund," a fund established for helping children in need of special care. Under the supervision of the Medical School Inspector and the School Nurse, the fund will be employed to take care of needy children of pre-school and school ages who are suffering because of mal-nutrition or from eye trouble. Miss Edgell and her associates wish to make grateful acknowledgement of the many donations received and for the support which makes possible aid to a worthy cause.

OKANAGAN MISSION

There will be no Sunday School during the Christmas holidays.

The young people of the Mission will be glad to hear that the toboggan slide has been put into first-class shape for use this winter. Mr. Collett and Mr. Wadsworth hired a couple of men for three days to bank it up on either side, and a collection is now being taken at the store to defray the cost of labour, etc. All contributions towards the same will be gratefully received. The only further requisite is a good fall of snow.

Major and Mrs. Loyd returned on Saturday from Vancouver.

The Women's Institute are helping this year with gifts of toys and the usual Christmas delights at the Breakup Party for the Juniors at the School.

Mr. D. C. Murdoch, returned on Wednesday from the University for the Christmas vacation.

Mr. J. H. Thompson, who was in hospital recently, returned home last Friday.

Be sure and buy your tickets in good time for the Guild dance for young people, on January 3rd, at the Eldorado Arms. Ticket holders only are admitted. Those who have not already bought tickets can get them from Mrs. Browne Clayton, Honorary Secretary to the Guild.

We are glad to hear that Gordon Baldwin is progressing favourably, though no definite date is yet fixed for his return home from the Hospital.

The shortest distance between two points is a straight eight.

MARRIAGES

McInnes—Holmwood

On Saturday, November 15th, a very quiet wedding took place at the United Church Manse, Salmon Arm, when Esther Isabel Holmwood, daughter of Mr. W. T. Holmwood, Valley Road, became the bride of Mr. Robert Dutton McInnes, of Kelowna.

Mr. J. E. Holmwood attended the groom and Miss Barbara A. M. McInnes was the bridesmaid. Rev. J. Fielding Shaw performed the ceremony.

The happy couple left by motor car for the south after the ceremony.

Shaw—Littler

(Victoria Times, Dec. 10)
 A wedding at which only the immediate relatives and intimate friends of the contracting parties were present, took place this afternoon at 2 o'clock, at Christ Church Cathedral, when Rev. Canon H. V. Hitchcox, of Nanaimo, united in marriage Margery, only daughter of Mrs. C. L. Littler, Trutch Street, and the late Rev. C. L. Littler, to Mr. Philip Shaw, of Banff, only son of Mr. and Mrs. Albert Shaw, of East Kelowna.

Given in marriage by Mr. F. C. Elliott, the bride made a pretty picture in her wedding gown of ivory lace over ivory silk, fashioned with long-sleeved bodice shaped to the waist and with long, full skirt. At the natural waist line at the back there was a bow of

lace. Her wedding veil was of soft silk net, handsomely embroidered and arranged on her head in cap-shape and held in place with a circlet of orange blossoms. She carried a sheaf of bridal roses. Her only attendant was her niece, Miss Meg Gillespie, who has recently arrived from England on a visit to her grandmother, Mrs. Littler. Miss Meg Gillespie wore a dainty frock of pink georgette made on simple lines and a hat of pink mohair to match her frock. Her bouquet was composed of pink and white carnations.

The groom was supported by Mr. Cecil Rose, and Captain S. Worsley acted as usher.

Following the service at the church, a small reception was held at the home of the bride's mother, where Mrs. Littler was assisted in receiving the guests

by the bridegroom's mother, Mrs. Shaw, of East Kelowna. Mrs. Littler wore a gown of black georgette.

Mr. and Mrs. Shaw left later for Seattle, en route to Portland. They will return to Victoria to spend Christmas here with Mrs. Littler, after which they will leave for Banff to make their home, where Mr. Shaw is on the staff of the Dominion Government National Parks engineering service.

For travelling the bride wore a nigger brown tulle crepe frock, relieved with collar, jabot, and cuffs of ecru lace, a cloth coat of brown trimmed with martin collar and cuffs, and felt hat to match, drooping at the back and laced with orange velvet.

There were many handsome wedding gifts, testifying to the popularity of both the bride and groom.

FERRY TALES

Soliloquy

Its blessings, its joys, its sorrows—ephemeral happiness, fleeting gladness rather than a Gibraltar-like expression of eternal good-will—makes Christmas both joyous and tragic. All the world rejoices, part of the world optimistically proclaims, and part of the world errs. There is not a universal gladness at the Yuletide.

In our own British Columbia the dawn of Christmas Day will not reveal smiling faces in the homes of lost air-men. The firebirds will be cheerless places, tragically made harder to bear when their neighbours are abandoning for a day lesser troubles in celebration of the festive season.

There are always light-hearted fellows to say "smile." It's easy enough to do when you have something to smile about. The sensible man gives judicious comfort, points out brighter paths winding into the future, holds high the lamp of hope and encourages his beams to penetrate afar—away from the dismal present to a life of encouragement ahead. To those who have stood recently in the appalling presence of Death, he conveys to them the divine thought that death is not a cause for sorrow—that Death takes under its protecting wing forever from all earthly woe that which it has called. Only the living have this great temporary terrestrial battle to wage, and Death, more often than not kind, has a duty to perform that must go on while this globe continues to revolve.

Sympathy is ever in the heart for those left destitute by the Grim Reaper, but at Christmas time a great sorrow remains for those in poor circumstances who are fighting a losing fight with disease, poverty, and their insidious cohorts. It is for those who are merely existing, not living, a sympathetic attitude is desired. It was for these people Jesus Christ lived and laboured, fought and died.

These thoughts flashed through the brain of the man from Westbank as he crossed the lake on a cloudy afternoon. A warm glow of thankfulness surged through his being as he enumerated his personal assets: A contented wife and family, a home and orchard property, the latter of little pecuniary value yet sufficient to ensure a living, good health, friends and a fairly optimistic outlook on life. Many, many, with more worldly goods and chattels, were less fortunate than he.

But it was the man with much less, he reflected, that tugged at his heart strings, that commanded his attention in the days leading up to the Yuletide. How could he be happy in the midst of unhappiness? Secure in his own little home, surrounded with gifts mere money had not the power to buy, there would nevertheless be a fitting shadow if he did not do something to show his humanity to man. Even though he had little money, he had something to spare for him who had "less than a little." His contribution, with hundreds of others, would give power to somebody to perform a greater number of good deeds.

Last Christmas he had been given the opportunity to watch the "dispensers of happiness" at work—Kelowna city organizations administering relief, and it had been a revelation to him. The part he played had made his Christmas brighter and cheerier. Had

WINFIELD

On Friday evening, Mr. F. M. Black addressed a meeting of the fruit and vegetable growers of Okanagan, Okanagan Centre and Winfield on the Central Selling plan. After much discussion, a resolution in favour of the plan was carried by a large majority. A vote of thanks was tendered to Mr. Black for coming to Winfield to explain and discuss his plan, which he feels will be to the benefit of the growers.

On Wednesday afternoon four local ladies went to Kelowna to sew for the Hospital. Unfortunately, others who had hoped to go were unable to do so.

Fred Duggan went to the prairie last week to purchase a car of mixed grain.

Mr. and Mrs. T. W. Lidstone, of Grindrod, spent the week-end visiting in Winfield.

Cecil Duggan went to Penticton last week to visit his sister, Mrs. Arnold.

Mr. and Mrs. Tommy Williamson have returned from Vancouver, where they have been holidaying.

made him more thankful for his blessings than he would have been otherwise. It had taken him out of confinement of selfishness, it had demonstrated that man can not live for self alone.

His thoughts were turned to Old Bill, he of the leathery exterior—a blustering old man with a heart of gold within. It had given him more real pleasure last year to watch his aged friend at play with his children, to listen to the stories he had told them and to witness their awe, than he had enjoyed at Christmas in many years. Old Bill had never expressed his thanks in words, simply because if he had attempted to do so he would have broken down and cried like a baby. He enjoyed himself hugely and, despite his remarks to the man from Westbank, "You a dummed fool, feller," Old Bill's gratitude was evident in a variety of ways. At that, though, the man from Westbank felt that perhaps he owed a debt of gratitude to Old Bill for spending Christmas with him. He was not sure which of them had got the biggest kick out of that memorable day.

I doubt there were lots of Old Bills in the world who, through pride and misunderstanding, were left alone in a humble shack while their neighbours were rejoicing. Some people expected the poor to grovel at the feet of a benefactor, but no real man or woman would expect those to whom they were kind to get down on their knees and lick the polish off their shoe leather. Staunch Old Bill, with the fighting heart, would starve before he took the role of a cur dog. But one had to understand men like Old Bill to be kind to them. It had to be done tactfully.

While he was thus meditating, the boat hit the dock gently and the man from Westbank walked ashore on the east side to do his bit.

Another voyage was over.

"Whaffo' you sharpenin' that razor?" "Woman, they's path o' genna his shoes under yo' bed. If they ain't no niggah in them shoes, A'm gonna shave?"

LOGANA AND VIN SUPRÊME

Delicious to taste, glorious in color, Logana and Vin Suprême are perfect dinner wines. Even the jaded taste responds to the intriguing tang of these products of the full ripe loganberry.

The Christmas Table Wine

Logana and Vin Suprême, in company with cherry, port and chateau, is worth four times its listed price.

GROWERS WINE CO. LIMITED

RUTLAND

Endorsement of the principle of Central Selling, as outlined by Mr. F. M. Black, was given at a meeting held in the Community Hall on Saturday last under the auspices of the Rutland Farmers' Institute, the vote on the resolution being 22 in favour and one against.

The meeting was called to order at 8 p.m. sharp by President Whiffin, and after a few introductory remarks Mr. F. M. Black was called upon to address the meeting. In his address the same ground was covered as in the meeting at Kelowna recently, and to give a detailed report would be merely repetition of what has already appeared in the Courier. Mr. Black urged his hearers to test any other schemes for solving the problem of the fruit industry with the single query, "What increase in the net returns to the grower will it bring?"

It will bring a greater increase than his plan of central selling, then by all means adopt it, said Mr. Black.

At the close of his address a number of questions were asked and answered. The matter of buying out the independent houses, compensation, etc., was very fully discussed. Messrs. T. G. Chambers and A. C. Leosmore both speaking on this subject, in opposition to any such proposal. Finally the following resolution was moved by Mr. A. E. Harrison and seconded by Mr. T. G. Chambers:

"Resolved, that this meeting, called by the Rutland Farmers' Institute, endorses the report of Mr. F. M. Black, that is, to create a marketing Board of Trustees to market the fruit and vegetables of this part of the province of B.C., and that a copy of this resolution be sent to the executive of the B. C. F. G. A., and requests them to draw up a bill, in conjunction with the Attorney General, such bill to be presented to the growers and voted thereon."

The voting was as previously mentioned. Mr. A. K. Loyd stated that he did not care to vote for or against the plan until he had an opportunity to hear any alternative proposal that might be put up and then had a chance to compare. That several others were of a similar mind would be indicated by the fact that about seventeen growers present did not vote.

The Ladies Aid of the Rutland United Church held a most enjoyable social in the church on Thursday evening last, the occasion being the fifth anniversary of the union of the two local congregations. Admission was placed at 1c per year of the individual's age, and we hear that the doorkeepers gained some startling information on matters hitherto secret.

In addition to an entertaining musical programme, there were many games and contests, followed by the usual excellent refreshments. In this latter regard the Ladies Aid certainly lost money on some of those who paid least for admission—but no doubt made up the loss on those whose admission fee was highest! Such is life!

Rutland seniors won a friendly game of basketball from a Glenmore team by 28 points to 4, in the Community Hall on Monday evening last.

The attendance was fair at the Women's Institute meeting held in the Hall on Wednesday last. Mrs. E. Mugford occupied the chair and, after the routine business had been attended to, read a report of the proceedings at the convention held in Penticton recently.

After some discussion, it was decided by the Institute that they would finance once more the supplying of hot cocoas to school children at the lunch hour. No charge will be made to the pupils for this.

The concluding item on the agenda was election of officers for the ensuing year. The following were chosen directors: Mesdames Mugford, Leithead, McLeod, Campbell, Hardie and Ford. As a directors' meeting held subsequently, Mrs. E. Mugford was chosen President, Mrs. R. B. McLeod, Vice-President, and Mrs. W. Leithead, Secretary-Treasurer.

The Institute have a fine hooked wool rug and a lamb's-wool quilt in their possession that they are anxious to dispose of, to assist their funds, and any one interested should get in touch with the Secretary.

The annual Christmas Tree and entertainment given by the United Church Sunday School will be held in the Hall on Tuesday, December 23rd next. Santa will be in attendance.

Friends of Mr. and Mrs. J. Sutherland, formerly resident here, will be glad to learn that their daughter Eleanor is making very satisfactory progress, following her operation at St. Paul's Hospital, Vancouver.

A successful baby clinic was held in the Hall on Tuesday afternoon. Many of the babies were inoculated against diphtheria.

The Rutland School has won for the third time an award under the Strathcona Trust fund, for physical training. In 1928 and '29 the instruction was under Mr. C. E. Clay's supervision, and in 1930 Mr. J. H. Thompson was in charge.

The award, a cash grant, has been used for the purchase of pictures illustrating early scenes in B.C.'s history, which now hang in various rooms in the school. It is intended that this year's award shall be spent upon a shield in which will be embodied the details as to the award and circumstances under which it was won. The award was for rural schools of five or more divisions.

Salmon Arm Fall Fair scored the same number of points this year as it did last year with an average of 80.02, according to figures issued by the Provincial government. Another interesting feature is that it ranked amongst the best for management, scoring 14 points out of 15. Saanichton led by 86.8 per cent, followed by Chilliwack with 84.6 and Matsqui 83.3. Salmon Arm was but a fraction under Kamloops.

Progress is born of the pains of economic adjustment. —Charles M. Schwab.

BUY BC PRODUCTS

"WHAT WE NEED IS MORE PAYROLLS!"

How often do you hear someone make that remark when referring to business conditions in British Columbia? According to the report issued recently by the Department of Labor of the British Columbia Government, the wage earners of British Columbia earned \$192,092,249.51 in 1929. It isn't "More Payrolls" we need in B.C. as much as "More Support" for the payrolls we already have.

Directly or indirectly you get a share of this payroll. Help to increase it. Ask "where from" when buying. Ask for B.C. Products.

TWENTY YEARS AGO

(From the files of "The Kelowna Courier")

Thursday, December 15, 1910

"The takings at the Handkerchief Bazaar of the Ladies' Hospital Aid, held on Thursday last, amounted to \$97.70."

"Mr. Jas. Harvey, sr., has sold his 8-acre tract in Bankhead to Mr. J. G. Ferrier, who recently arrived here from Mexico, where he had been resident for six years and prior to that was engaged in orange-growing in Florida."

"Mr. W. Haug returned home from the Hospital on Sunday, after a six weeks' siege of typhoid fever. He is slowly but surely regaining strength, and his many friends will be glad to see him around once more. 'Billy,' with the persistent good humour that fortifies him against all misfortunes, tells us that he will not be eligible to run for the mayoralty next month as he no longer has the proper shape!"

"Seven or eight teams have been ploughing steadily all this month on land sold by the Central Okanagan Lands, Ltd., in Glenmore, in preparation for next spring, when about 250 acres will be planted in orchard. A number of the purchasers are due to arrive this winter and will take up residence on their properties, while the Company will attend to the planting and care of the trees for absentees. Sales in this very desirable section have been increasing steadily since it was put on the market last summer, and by the end of the month the transactions will have reached a very large sum. The development of Glenmore means that one of the largest blocks of producing orchards in the valley in a few years' time will be within two to four miles of town—almost a suburb—which will have an important bearing in many ways upon the progress and prosperity of Kelowna."

"With the dry weather for the past week, roads are slowly drying and, should the conditions remain as favourable for a week or two longer, most of the mud should disappear. The present mild weather recalls the winter of 1905-6, when the greatest cold came in March, the maximum being only 16 degrees of frost. January was delightfully warm and, in contrast with the three weeks of sunshine during which the thermometer would rise to 55 or so in the shade at noon. Green grass flourished, and some of the trees showed alarming tendencies to come into bud, but fortunately the weather turned cooler in February and damage was averted."

"At the regular half-yearly meeting of the Municipal Board of Licence Commissioners, held on Dec. 14th, a transfer of the licence of the Royal Hotel was granted to Messrs. Lavigne & Dunk from Mr. J. E. Wheeler, thus disposing of a vexatious question which had been a fertile source of bitterness and ill-feeling during the previous two years."

"The Municipal Voters' List for 1911 contained 418 names, as compared with 721 for 1931."

The annual meeting of the Revelstoke Ski Club was held at Revelstoke last week, when plans for the Canadian Championship meet to be held in February were discussed.

It's not unlikely to postpone a wedding if you keep on doing it.

The worst of putting up a showy bungalow is that people invariably mistake it for a filling station.

When handed the golden harp the newly arrived American asked St. Peter what the first payment would be.

Kelowna curlers may get - start on the other fellow by starting now to sweep out the cellar.

It is estimated that if all the golf balls in the world were placed one on top of the other the second one would roll off before the third one could be placed on the second one.

Remember, girls, it's the hot tempered wife that makes her husband's love grow cold.

OKANAGAN CENTRE

With the President in the chair and a half-dozen visitors besides nearly the full membership in attendance, the regular December meeting of the Women's Institute, held in the Community Hall on Thursday last, was one of the most interesting in its history.

A large amount of business connected largely with the arrangements for the Christmas party was quickly dispatched, the date of the affair first being set for the 29th inst., at the Hall, at 3.30 p.m.

There will be a fine tree with gifts for all the children of the community of public school age and under, while every one of any age is cordially invited to come and join in the fun.

The Social Committee, with Mrs. Cheesman as convener, will have charge of the refreshments and the Evening Committee—Mrs. Glead and Mrs. Harrop—will attend to the tree.

The feature of the afternoon was the report of the annual conference of the Women's Institutes of the South Okanagan district, held at Penticton, December 1st and 2nd. This was given by the delegate, Mrs. Venables, and was an unusually good report of what was held in a number of years. In addition to giving the choice bits from the several Institute reports, the speaker gave the most interesting extracts from the various lectures which constituted the high lights of the conference.

After this talk the drawing of the winning number in the raffle for the hooked wool rug, which was owned by the Institute, took place, the lucky winner being Mrs. Brixton, the net results of the raffle putting \$27.50 into the treasury.

Mesdames Cheesman and Goldie were hostesses during the tea-hour following.

The date for the annual meeting was set for the 8th of January, when it is hoped there will be a full attendance of the members.

Mrs. G. Topham left on Wednesday to spend the holidays at various points in Alberta.

The Rev. Mr. Scott, of Peachland, preached on Sunday at the afternoon service in St. Paul's United Church. Among the intimations made of coming services was that of a Christmas service next Sunday, followed by Holy Communion.

Mr. F. H. Latimer, of Penticton, engineer for the Okanagan Valley Land Co., was in the Centre several days last week engaged in some survey work for the Company.

Miss Hooper, of the British Sunday School Mission, came down from Vernon on Thursday last and was the guest of Mrs. Venables until Saturday.

The majority of the fruit growers of the vicinity attended the meeting of the B.C.F.G.A. at Winfield on Friday last, voting largely for the central selling scheme. None registered a vote against it.

The special school meeting which was called on the 10th inst. came to order at 8 p.m. with Mr. P. W. Pixton elected to the chair.

The minutes of the last meeting having been read and accepted, the report of the Trustees' findings as to the size, style and cost of a school building to house forty pupils was heard with interest. After much discussion, an affirmative vote was registered to build such a school.

The resignations of Mr. S. Copeland, Secretary-Treasurer, and Mrs. T. A. Gray, Trustee, were accepted and in their places were elected Mrs. G. Gibson and Mr. R. Cheesman. Mrs. Gibson later being elected Secretary-Treasurer at a meeting of the three Trustees. As they signified a wish for help in the building of the school, Messrs. J. A. Glead and S. Copeland were appointed to act with the Trustees as a building committee.

As the size of the lots held at present by the Board seems inadequate, another site was discussed and an effort was made to secure the lots adjoining the tennis courts on the south. The meeting was adjourned, to be called again at a later date to hear a report on this matter.

A sign in a hotel, the name of which we will not mention, runs as follows: HAVE YOU LEFT ANYTHING? It should read: HAVE YOU ANYTHING LEFT?

If a patch on his pants meant no injury to his pride, a man would not worry so much about hard times.

When the roads freeze after snow and a thaw, motorists should bear in mind that a smash, like prosperity, may be just around the corner.

A native is one who feels privileged to butcher his own language.

SPORT ITEMS

BASKETBALL

Vancouver Province Squad To Play Here Tonight

The season's first Coast invasion is announced by the executive of the Kelowna Basketball Association, who have been successful in arranging a game between the Vancouver Province, Senior A Aspirants for divisional title honours, and the local seniors. The brush will be featured as the main event on (this) Thursday evening's generous helping of basketball entertainment at the Scout Hall, and will be preceded by another interesting game which brings together the Vernon and Kelowna Senior B girls teams. The newspaper tribe bring to the Interior a good hoop reputation tied with a sizable string of victories, and the local crew are preparing for a strenuous battle from whistle to gun.

The City League final for the Spalding Cup between Campbell & Lewis and Old Scouts teams, originally scheduled and announced for the above date, has been postponed, and a date for the city title clash will be arranged later.

It may be that as you read the above announcement the rival quintettes may be ready to step the boards at the Scout Hall. Both games should be full of action and we recommend you to join the basketball-bound crowd gathering at the scene of hostilities.

Seat Reservation Privileges For Association Members

At the executive meeting of the Kelowna Basketball Association, held on Monday night, it was decided to issue membership tickets covering the games held under the auspices of the association, at \$1.00 each, entitling the holders to seats in a section of the Scout Hall which will be reserved for ticket holders.

Tuesday nights will be set aside for general basketball practice, when it is hoped all who have played basketball, or wish to play, will turn out, regardless of whether they are at present on the line-up of any of the teams or not.

United Church Squads To Meet Salmon Arm

Salmon Arm hoop artists will invade Kelowna on Friday night to test their skill against two United Church teams. The games will be played in the United Church gymnasium. Seniors and Intermediates will be represented, and keen interest is being shown in the tussle between the latter. Salmon Arm has an exceptionally fine team which defeated Kelowna in the Intermediate A division. The Church B squad, a team that has sprung many surprises, will oppose these stalwarts, and it will be interesting to see what the youngsters can do against the more experienced combination. The first game is called for 8 o'clock.

Gym Activities Suspended During Holidays

Owing to the interruption of Christmas holidays, with many busily engaged in other business and a large number out of town, all regular classes at the United Church gym will be suspended until the resumption of school. Volleyball will be "pushed back" two weeks. The regular schedule of games will continue where it has been left off this week immediately after the New Year.

PHYSICAL TRAINING AND VOLLEYBALL CLASSES

Physical training and volleyball classes, under the instruction of L. da Fonseca and W. Shugg, will begin in the Scout Hall on the first Monday in the new year. The floor will be available from 5.30 to 7 p.m. Actual P.T. will occupy only a half hour, while the balance of the time will be taken up with the use of apparatus and with volleyball practice.

All interested may obtain further particulars from Douglas Buckland or from either of the instructors.

EAST KELOWNA

Our fruit exhibitors at the Vancouver Winter Fair took up quite a large space in the prize list.

Mr. P. C. Ritchie took sixth place in the District Exhibits. All eight prizes in the Jonathan and Grimes Golden plate classes were won by local men. For apples, Mr. Ritchie won a second for ten boxes Newtowns; one first, two thirds and one fourth in the 5-box classes; one first one second and two thirds in the single-box classes; also two firsts, one second, two thirds and one fourth in the plate classes.

Mr. Charles Tucker, for single boxes of apples, scored two seconds, three thirds and one fourth, and for plate apples took two firsts, three seconds, one third and three fourths; also second for six varieties; he also scored three seconds in the plate pear classes.

Mr. A. Clarke obtained one fourth in single-box apples, was placed fourth for six varieties plate apples, and took one first, one second and one third for plate apples; also taking one first and one third for pear plate exhibits.

The apparent duplication of classes in the full prize list is caused by the division of many classes geographically into "East of North Bend" and "West of North Bend."

A point to be noted is that there is no rule of the Association, requiring an exhibitor to show his own fruit, and therefore he need not own a single tree! There was a large entry in many of the classes and we wish to congratulate our prize winners. Nothing succeeds like success!

We are pleased to hear that the School Inspector's recent report on the East Kelowna School and the teachers' work is very satisfactory.

Things are under way for an entertainment, to be given by the School children in the Community Hall, on Friday, 19th December, at 7.30 p.m. Proceeds of the small entrance fee are to be devoted to the School Library.

On Wednesday last, a number of East Kelowna ladies went to the Nurs-

es' Home in Kelowna, to assist at a Sewing Bee, for replenishing linen, etc., of the Hospital.

A meeting of the Women's Institute was held in the Community Hall on the 9th inst., and the report of the delegates to the Penticton Convention was read. It was suggested that, during the cold months of the year, meetings should be held at members' homes. The membership fee is due in January, and the meeting will be held in Mrs. Goldsmith's home.

The stork has been busy lately, leaving a baby daughter for Mr. and Mrs. Hall, and a little son for Mr. and Mrs. Tasker. Congratulations to the proud parents!

The first anniversary of the opening of the Community Hall was celebrated on Friday evening last, when there was a gathering of young and old.

The first part of the evening was occupied by the reading of the general and financial reports. Mr. E. B. Powell being in the chair. The financial statement showed that the balance of \$400 owing is now paid off, and a piano, stoves, lamps, etc., have been purchased; this at the end of the first year!

A ballot for the election of Directors was then held, and Mr. Geo. Fitzgerald and Mr. Roger Barrett were elected. Mrs. Miller, Secretary of the Women's Institute, read an account of their activities, including the gift of a gold medal to the Kelowna Musical Festival, for competition next year.

It was suggested that in future, the young people should run the social part of the community work, (under the auspices of the Women's Institute) and Mr. and Mrs. H. Harsent were elected as conveners for a group of young people.

Having disposed of the business, the remainder of the evening was devoted to vocal music and dancing. Solos were rendered by Mrs. Moodie and Mrs. McTavish, a pianoforte solo by Mrs. Graham, and songs by Messrs. Holland, Curtice and Powell. Mrs. Robertson and Mr. Robertson acted as M.C. Young and old had a good time, enjoyed the refreshments and kept going till midnight.

Mr. Holland will resume his classes in gymnastics for the boys.

The annual Christmas Tree for the children will be held on the 23rd inst.

In response to the call from the Guides and Scouts, parcels have been gratefully received—and sent in—from Mrs. Powell, Mrs. Maude-Roxby and Mr. Dodd.

MORAL FORCE OF PUBLIC OPINION

(Continued from Page 1)

for the Anglo-Saxon race to hold aloft the torch of public thought that it might spread to different parts of the world.

Force Never Made Permanent Advance

Summing up in conclusion, the speaker pointed out emphatically that force never made a permanent advance. In the late war, Germany had been the best equipped of all nations but had failed. Advance was made through the onward march of thought, great with its hopes, its aspirations, its creation of sane public opinion.

"I hope you have seen that the great creative force, public opinion, is mightier than the sword," he said. "May its rays extend to all parts of the earth and goodwill will flourish under the banner of the moral public opinion of mankind."

Tremendous applause marked the conclusion of the address.

Mr. T. G. Norris, in moving a vote of thanks to the speaker, paid tribute to the Hon. Mr. Justice Macdonald for his facility of speech and his eloquence, remarking that he who spent so much of his time in settling differences was particularly well qualified to handle the subject with which he had dealt.

Mr. W. M. Fraser, in supplementing Mr. Norris' remarks, expressed the pleasure he had taken in the address. Those present would look forward eagerly to the next visit of their distinguished guest.

The chairman remarked that the Association of Canadian Clubs was doing much to further public opinion. The next speaker would be Mr. B. C. Nicholas, of the Victoria Times, who was expected about January 15th, and on February 13th a speaker from Eastern Canada was expected who would deal with the relations of the Canadian and the French-Canadian.

The proceedings were concluded with the singing of the National Anthem.

There was only a small attendance at the Baby clinic on Friday. This is the last clinic until the spring.

Friends of Mrs. R. F. Nalder will be sorry to hear that she died suddenly two weeks ago, after an operation. The deceased lady had resided in East Kelowna for about seven years, and only left for the Old Country last December. She is survived by her husband and her little daughter Sheila.
